## Latest Nigeria Current Affairs:

**Selected Articles on Current Affairs** Indian Council of World Affairs. Library, 1958 **Current Affairs Bulletin**, 1960 The Mazruiana Collection Revisited Ali Al'Amin Mazrui, 2005 Consists of 650 annotated entries covering Mazrui's books, dissertations, edited works, about him, major essays in books, academic journals, and conference papers. This work contains essays including pamphlets, magazine and newspaper articles, and audio-visual recordings. **Focus on Nigeria** Daniel E. Nwaenang, 1968 **Survey of Current Affairs**, 1999 **On Arms Control** Hedley Bull, 1987-06-18 Foreign Aid and Development in South Korea and Africa Kelechi A. Kalu, Jiyoung Kim, 2021-08-15 This book compares the rapid development of South Korea over the past 70 years with selected countries in sub-Saharan Africa to assess what factors contributed to the country's success story and why it is that countries that were comparable in the past continue to experience challenges in achieving and sustaining economic growth. In the 1950s, South Korea's GDP per capita was 876, roughly comparable with that of Côte d'Ivoire and somewhat below Ghana's. The country's subsequent transformation from a war-ravaged, international aid-dependent economy to the 13th largest economy in the world has been the focus of considerable international admiration and attention. But how was it that South Korea succeeded in multiplying its GDP per capita by a factor of 23 while other Less Developed Countries continue to experience challenges? This book compares South Korea's politics of development and foreign assistance with that of Ghana, Nigeria, and Zambia, which were also major recipients of the U.S. aid, to investigate the specific contexts that made it possible for South Korea to achieve success. Overall, this book argues that effective state capacity in South Korea's domestic and international politics provided an anchor for diplomatic engagement with donors and guided domestic political actors in the effective use of aid for economic development. This book will be of interest to researchers and students working on development, comparative political economy, and foreign aid, and to policy makers and practitioners looking for a greater understanding of comparative development trajectories.

*Global Competition or Convergence?* Jan Hornát, Lukáš Kindl, 2018-02-01 The dynamics of internal changes in China, whether these changes impact its national economy or its political order and distribution of power, have imminent influence on its relations with the rest of the world. The important and perhaps less treated question vis-à-vis China's rise is how and to what extent do internal changes in China affect its external behavior and thus its relations with the current world hegemon, the United States. In addition, this publication asks what the clash of two politically, culturally, and economically different internal orders of the US and China will mean for their future interactions in the twenty-first century. The aim of this publication is not to measure and encompass the entirety of the posed question but rather to provide an incursion into this problem through two specific case studies: one focusing on the interactions of two distinct political cultures and the other on the economic, geopolitical, and ideological interplay of the US and China on the African continent. As will be demonstrated, incompatible as the two regimes and their respective foreign policies may seem, they will not necessarily predestine conflicts.

in mutual relations As America can well coexist with China even if it does not meet the Western standards of a liberal democracy so does the competition in Africa between these two major powers not have to amount to a zero sum game At the end of the day both countries might meet halfway in their respective political interactions      **African Affairs** ,1906      **The Life and Works of African Leaders and the Death of Abubakar, Bello, Akintola, and Okotie-Eboh, and the Army Take-over. The World Current Affairs** K. C. Eze,1966      **Nigeria's Fourth Republic, 1999-2021** Michael Nwankpa,2022-11-18 This book reflects on Nigeria s fourth republic the country s longest democratic period since it gained independence from Great Britain It argues that although constitutional or political democracy has lasted for over two decades in Nigeria and seen three successful democratic changes of power Nigeria s democracy remains largely militarised During Nigeria s fourth republic political and socio economic affairs have been increasingly dominated by a pervasive military presence and ideology which has seen a redistribution of resources and government funds away from social programmes into an increase in security budgets weapons proliferation and internal military interventions and occupations This institutionalisation of violence has turned the country into a national security state where the rule of force and violence rather than dialogue and compassion reflect everyday reality Whilst acknowledging the history of militarisation during colonial and military rule this book makes a compelling argument for considering the distinct character of the Nigerian nation state s path to militarisation over the last 20 years of experimentation with democracy This book s fresh insights into the fourth republic s path to militarisation will be of interest to researchers of African politics security and development
