Williaon, 2014-01-22 The exciting part began in Cairo but perhaps I ought to go back to what happened on the Laconia between Naples and Alexandria Luckily no one can expect a man who actually rejoices in his nickname of Duffer to know how or where a true story should begin The huge ship was passing swiftly out of the Bay of Naples and already we were in the strait between Capri and the mainland I had come on deck from the smoking room for a last look at poor Vesuvius who lost her lovely head in the last eruption I paced up and down acutely conscious of my great secret the secret inspiring my voyage to Egypt For months it had been the hidden romance of life now it began to seem real This is not the moment to tell how I got the papers that revealed the secret before I passed them on to Anthony Fenton at Khartum for him to say whether or not the notes were of real importance But the papers had been left in Rome by Ferlini the Italian Egyptologist seventy years ago when he gave to the museum at Berlin the treasures he had unearthed It was Ferlini who ransacked the pyramids all about Mero that so called island in the desert where in its days of splendour reigned the queens Candace Fenton stationed at Khartum an eager dabbler in the old lore of Egypt sent me an enthusiastic telegram the moment he read the documents They confirmed legends of the Sudan in which he had been interested Putting two and two together the legends and Ferlini s notes Anthony was convinced that we had the clue to fortune At once he applied for permission to excavate under the little outlying mountain named by the desert folk the Mountain of the Golden Pyramid At first the spot was thought to fall within the province given up to Garstang digging for Liverpool University Later however the Service des Antiquit s pronounced the place to be outside Garstang s borders and it seemed that luck was coming our way No one but we two Fenton and I had any inkling of what might lie hidden in the Mountain of the Golden Pyramid That was the great secret Then Fenton had gone to the Balkans on a flying trip in every sense of the word It was only a fortnight ago I being then in Rome that I had had a wire from him in Salonica saying Friends at work to promote our scheme Meet me on my return to Egypt After that several telegrams had been exchanged and here I was on the Laconia bound for the land of my birth full of hope and dreams **It Happened in Egypt** C. Amin,2013 In his latest exploration of the Egyptian malaise Galal Amin first looks at the events of the months preceding the Revolution of 25 January 2011 pointing out the most important factors behind popular discontent He then follows the ups and downs mainly the downs of the Revolution the causes of rising hopes and expectations mingled with successive disappointments sometimes verging on despair not least in the case of the presidential elections when the Egyptian people were invited to choose between a rock and a hard place This is followed by an outline of a possible brighter future for Egypt based on a more balanced and faster growing economy and a more democratic and equitable society within a truly independent modern and secular state The story of what happened to the 2011 Revolution may be a sad one but if viewed within the larger context of Egypt s economic and social developments of the last century on which the author s previous books threw very useful light it can be regarded as one important step forward toward a much better future *County Gentleman and Land and Water* ,1908 *It Happened in Egypt* C.
