ABOUT SAPIENS EDITORIAL Books are mentors. Books can guide what we do and our lives. Many of us love books while reading them, and maybe they will echo with us a few weeks after, but 2 years later, we can't remember if we have read it or not. And that's a shame. We remember that at that time, the book meant a lot to us. Why is it that 2 years later, we have forgotten everything? That's not good. This summary is taken from the most important themes of the original book. Most people don't like books. People just want to know what the book says they have to do. If you trust the source, you don't need the arguments. So much of a book is arguing its points, but often you don't need the argument if you trust the source; you can just get the point. This summary takes the effort to distill the blabs into themes for the people who are just not going to read the whole book. All this information is in the original book.
