have been carefully crafted and policed by the Europeans who originally settled and founded the country Immigrants have been extended and denied citizenship in various legal and cultural ways While the subject of citizenship has often been examined from a sociological historical or legal perspective historical archaeologists have yet to fully explore the material aspects of these social boundaries The Archaeology of Citizenship uses the material record to explore what it means to be an American Using a late nineteenth century California resort as a case study Stacey Camp discusses how the parameters of citizenship and national belonging have been defined and redefined since Europeans arrived on the continent In a unique and powerful contribution to the field of historical archaeology Camp uses the remnants of material culture to reveal how those in power sought to mold the composition of the United States and how those on the margins of American society carved out their own definitions of citizenship

Europeanisation of Access to Justice in Environmental Matters Bojana Todorovic,Roberto Caranta,2025-05-29 This book analyses the ways in which Article 9 of the Aarhus Convention enables environmental access to justice in the Balkans a region at the epicentre of extreme climate change events Adopting a law in context approach the chapters explore national cultures and driving forces shaping the implementation of Aarhus standards in Albania Croatia North Macedonia Romania Slovenia and Serbia paving the way for their comparative assessment The book combines EU law and the case law of the European Court of Human Rights with the bottom up Europeanisation brought about by rising environmental protests and the activism of civil society organisations in the region In doing so it explores the extent to which these Balkan countries comply with requirements stemming from Article 9 of the Aarhus Convention and whether despite national differences it is possible to talk about Europeanisation of access to justice in environmental matters The interdisciplinary approach and geographical scope of the book make it an important read for academics and practitioners as well as for the civil society sector and policy makers grappling with the normative and practical challenges around environmental access to justice both in and beyond Europe
