Nancey Green Leigh,Steven P French,Subhrajit Guhathakurta,Bruce Stiffler,2019-07-23 The Routledge Handbook of
International Planning Education is the first comprehensive handbook with a unique focus on planning education Comparing
approaches to the delivery of planning education by three major planning education accreditation bodies in the United States
Australia and the United Kingdom and reflecting concerns from other national planning systems this handbook will help to
meet the strong interest and need for understanding how planning education is developed and delivered in different
international contexts The handbook is divided into five major sections including coverage of general planning knowledge
planning skills traditional and emerging planning specializations and pedagogy An international cohort of contributors covers
each subject s role in educating planners its theory and methods key literature contributions and course design Higher
education s response to globalization has included growth in planning educational exchanges across international boundaries
